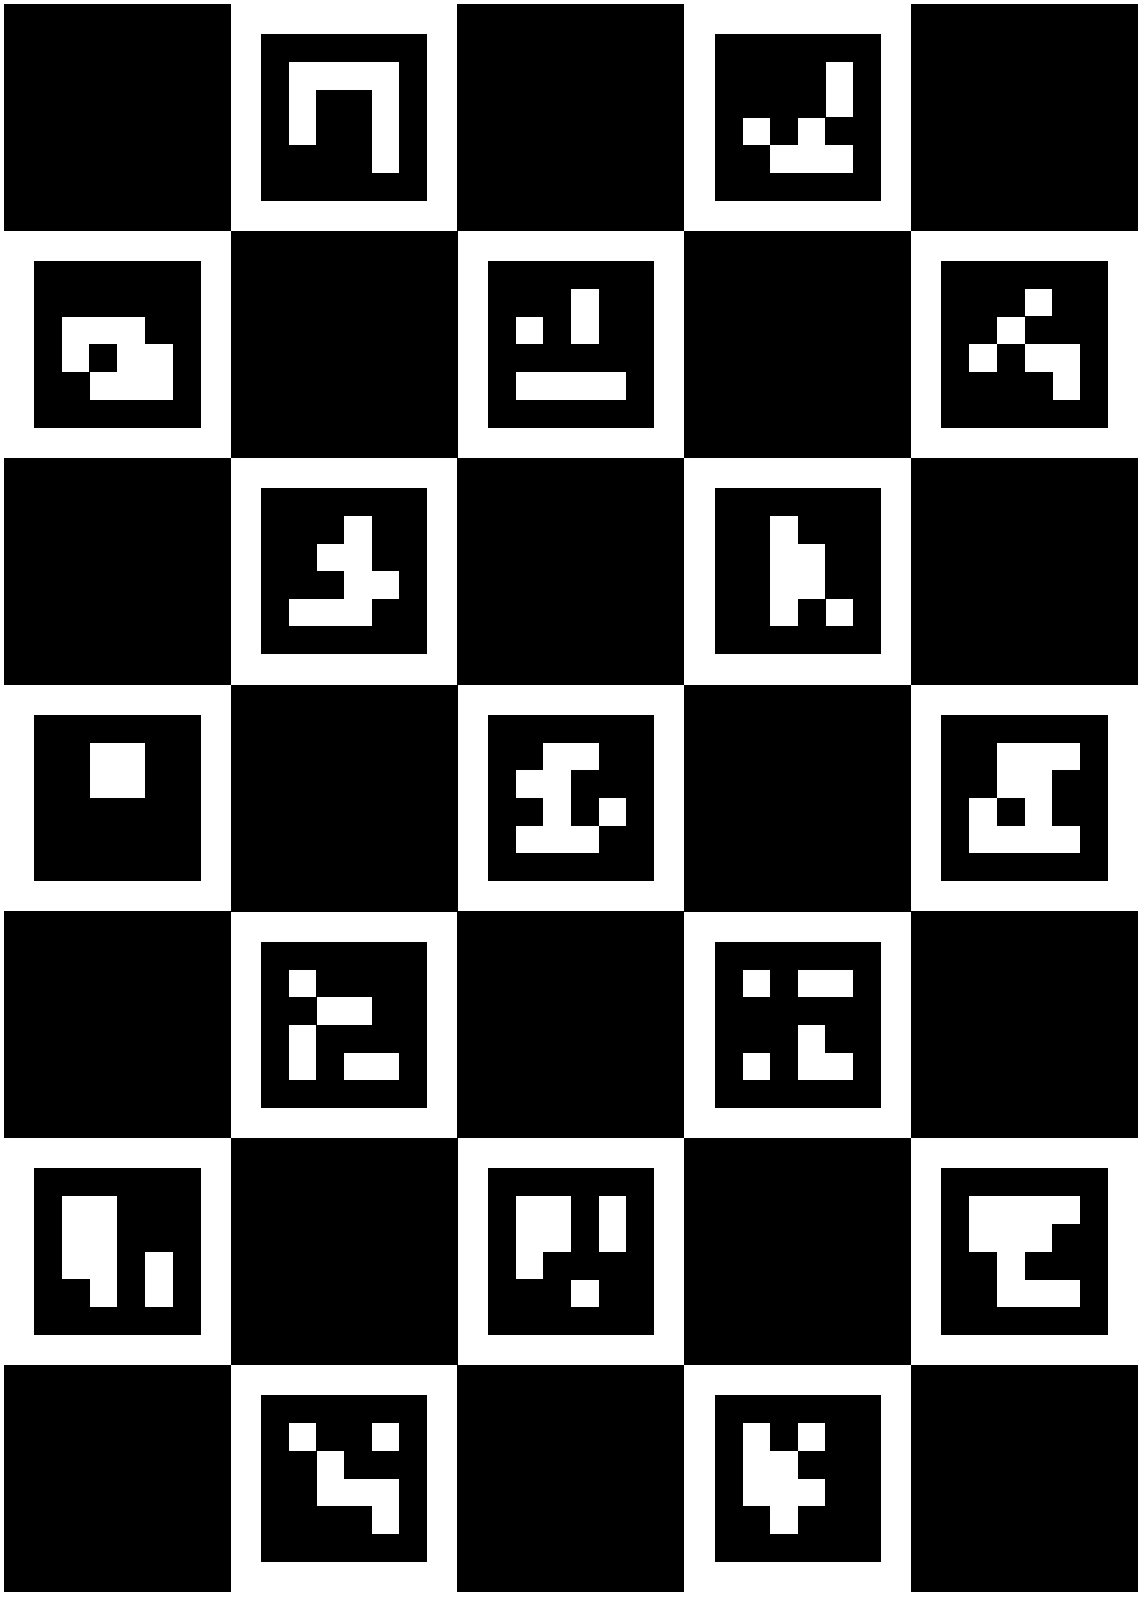
ChArUco calibration board

A4 portrait | Actual size / 100% | Single-sided | Disable fit-to-page



100 mm - measure between end ticks

5 x 7 squares | Square 30 mm | Black marker 22 mm | Board 150 x 210 mm

DICT_4X4_50 | Marker IDs 10-26 | Border 1 bit | Standard pattern (legacy=false)

100 mm - measure between end ticks

Check BOTH 100 mm rulers and a 30 mm square before calibration.

Mount flat on rigid cardboard. Use matte paper and keep the white margins.

Hold by the margins; keep the camera mount, focus and exposure fixed.

Pattern definition: OpenCV ChArUco documentation
